1524. *P* 58 no. 6 cites also $\frac{A}{KONOB} | \frac{R}{}$ and wrongly attributed to Milan see Cayon 1985, 2878 no. 12; also Sale 102a.1007.
 both mint-marks with obverse D4; not seen, and 1527, 1528. Mint-mark confirmed, but probably inferred from Cohen's entry. Note also perhaps an engraver's error.
 another possible example, found at Cologne, 1530. Also Baldwin 1991.
 Geneva, in 1838 (Callu, Lorient 1990, 188 no. 1531. King (1987, 287) also gives reverse division A - A; not yet seen.
 177).
 1526. For a specimen misread MDPV and
