240. G gives obv. bust as D2: unlikely.

240A. Sale 94.587.

243. Gn. and C. both cite the mint-mark as *K*; a misreading.

245. C. cites this piece from Rollin.

He gives the obv. legend as CONSTAN-TIVS MAX AVG (break uncertain): unlikely, probably a mistake for Cs32. Confirmation required.
